

# Dawson

## Construction Safety Coordinator

Based out of Bellingham, Washington, Dawson Construction is growing and we are looking for an experienced, motivated **Construction Safety Coordinator** to join our team.

Our Safety Coordinator will be responsible for assisting in all aspects of the Safety department function including providing direction, coordination and supervision of the company health, safety and quality programs and policies. *Our ideal candidate* must have the ability to carry out duties in varying work environments including wide ranging weather conditions and terrain with the ability to travel as required for projects. *Overnight travel will be required.*

### **Our Construction Safety Coordinator will:**

- Ensure safety is an everyday topic that supersedes all other factors to prevent accidents and create a safe working environment for everyone.
- Assist in the reduction of incidents/accidents and provide the necessary leadership and professionalism that promotes a safe working environment for all employees.
- Provide formal and informal training.
- Audit Field Operations for compliance with regulatory standards and the Corporate Health and Safety Program.
- Perform job site walks looking for unsafe conditions or unsafe actions.
- Bring ideas and enthusiasm to contribute in our pursuit of safety excellence.

### **Requirements:**

- Bachelor's Degree in Safety/Quality and/or Risk Management is preferred
- 2+ years of project engineering experience on commercial or industrial projects
- OSHA 30 Certification preferred
- Basic knowledge of construction safety, current Federal OSHA and WA DOSH requirements
- Ability to work effectively with a team
- Excellent verbal and written communication skills
- Strong organizational and time management skills
- Ability to handle multiple tasks and complex situations
- Ability to travel 20% of the time
- *Fluency in Spanish preferred*
